

## Report from the Debbie Storey Clinic: September 25/26, 2010

The Clinic, held at Asmara Stables on a warm and changeable two days in September, was again an unqualified success.

Eleven riders booked two 45 min lessons with Debbie,

This time Debbie was challenged with Arabs, Half- Arabs, Quarter Horses, a Standardbred Cross, a Morgan and a Mule. All riders found that after only a few minutes with Debbie, she was able to identify the problems they were having and offer appropriate corrections. All those watching the lessons were astounded with the difference in both horse and rider in 45 minutes.

Many spectators spent the day watching the lessons, asking questions and enjoying a great lunch.

The general feeling of success on so many levels prompted most of the riders to request one more Clinic with Debbie before winter. As a result, we have booked her to come back on October 30/31.

As most of the spots were instantly snapped up, we would encourage anyone who is interested in finding out more about this Clinic to do so immediately.
